Sir:

The Applicants and their attorney would like to disclose Beck, German Patent 645,391, published May 26, 1937. Beck was cited in the Search Report dated August 5, 1987 issued by the European Patent Office in connection with a corresponding patent application. A translation of Beck into English was obtained on September 15, 1989.

Beck discloses a massage safety cushion for use with various massaging devices, e.g., a bag filled with balls, a hollow-walled air-filled bag containing ribs in the exterior walls, etc. Figure 3 of Beck illustrates the use of the massage safety cushion without a separate massaging device.

Copies of Beck and the translation into English prepared by Frank C. Farnham Company, Inc. are enclosed. Also enclosed is a Supplemental Form PTO-1449.

Respectfully submitted,
